

INSULATED DC/DC CONVERTER

DCLP

Technical characteristics

- input for the DC/DC activation;
- electric insulation from input, output and case: 1kV;
- short circuit protection;
- polarity inversion protection;
- thermal protection;
- without fan;
- CE conformity;
- anodized aluminium case;
- dimensions(150W): 140x85x65mm;
- dimensions(350W): 140x145x65mm.
